EXPLANATION:

Poll Average – Average of USA Today/ESPN Coaches and AP Media Polls. Others receiving votes calculated in order received.

Computer Average – Average of Richard Billingsley, Dunkel Index, Kenneth Massey, New York Times, David Rothman, Jeff Sagarin's USA Today, Matthews/Scripps-Howard, and the Anderson & Hester/Seattle Times rankings. The computer component will be determined by averaging the seven highest computer rankings. The lowest computer ranking will be disregarded.

Schedule Rank – Rank of schedule strength compared to other Division I-A teams of actual games played divided by 25. This component is calculated by determining the cumulative won/loss records of the team's opponent (66 2/3 percent) and the cumulative won/loss records of the team's opponents' opponents (33 1/3 percent).

Losses – One Point for each loss during the season.

Notes: BCS Standings each week will list the top 15 teams.

EXPLANATION:

Poll Average – Average of USA Today/ESPN Coaches and AP Media Polls. Others receiving votes calculated in order received.

Computer Average – Average of Richard Billingsley, Dunkel Index, Kenneth Massey, New York Times, David Rothman, Jeff Sagarin's USA Today, Matthews/Scripps-Howard, and the Anderson & Hester/Seattle Times rankings. The computer component will be determined by averaging the seven highest computer rankings. The lowest (worst) computer ranking will be disregarded.

Schedule Rank – Rank of schedule strength compared to other Division I-A teams of actual games played divided by 25. This component is calculated by determining the cumulative won/loss records of the team's opponent (66 2/3 percent) and the cumulative won/loss records of the team's opponents' opponents (33 1/3 percent).

Losses – One Point for each loss during the season.

Notes: The standings each week will list the top 15 teams or more until each conference with an automatic BCS selection is represented.
